

On 11 October 2021 we lost our much loved PwC EMEA Clients & Markets Leader

Mark Smith

Mark was a true leader and role model; his energy and enthusiasm motivated and inspired each one of us. His keen intelligence and sharp wit were paired with real caring, a combination that made him truly one-of-a-kind. Mark was also a loyal and dear friend to many of us.

Although we live and work in many different countries, Mark's passion and vision brought us together as one team. We are deeply thankful to have had the opportunity to work with him and learn from him and will strive to continue building his legacy.

He was a remarkable man and will be very much missed. In silent sympathy and deep solidarity with his family.
